

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election goes against all rules of fairness and principles of democracy.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Equal time for both candidates is a must. And, supporting one candidate above the other is an abuse of public interest T.V.

Sinclair's actions shows the weakening of democracy in this country, where big business is spreading one sided propoganda, to favor their personal views, and not real fair and balanced news. Would They broadcast George Bush's indiscretions in his youth - his dui s and excessive lifestyle?
